Century Sign Builders' Interior Sign Warranty

The interior signs manufactured by Century Sign Builders Signs are warranted for the life of the building. Should any of your Century Sign Builders' interior signs fail to perform to your expectations, Century Sign Builders will replace them free of charge. It's that simple. The installation of the signs performed by Century Sign Builders is warranted for one year after the date of installation.

Care and Maintenance

Given proper maintenance and care, your Century Sign Builders signs will look great for years. Please refer to this document for general care and cleaning instructions for your Century Sign Builders' interior signs. Should you have a questions not covered in this document, please contact Century Sign Builders at: 505.888.2901 or 800.279.2904.

The signs in the building are made primarily from a laminated acrylic plastic. In addition, many of our signs have a digital print and transparency under a clear, laminated acrylic lens. Therefore, it is imperative when cleaning the sign never to spray anything directly on the sign. A feather duster is recommended for dust removal. For removing smudges or streaks, apply a cleaner (see below) on a soft, lint-free rag and wipe the sign. Do not spray directly on the sign.

APPROVED CLEANERS

Only the following cleaners are approved:

- Any household glass cleaner (such as Windex)
- Warm water and a very mild soap
- Protect All Shine Plus (www.protectall.com)
we recommend using for a more thorough cleaning

UNAPPROVED CLEANERS

Listed below are some of the cleaners and solvents that should never be used to clean your signs:

- NO acetone
- NO paint thinner
- NO alcohol
- NO mineral spirits
- NO products containing bleach
- NO "bathroom" cleaners

Warning

Our lifetime warrantee will be null and void, and we will not accept liability if any unapproved products are used on your signs or if cleaning products are sprayed directly on the signs. Never clean your signs with a paper towel. The paper fibers will get caught on the raised lettering, vinyl graphics, Braille dots, etc.

Reorder

To reorder any component of your signs (name plates, directory strips, etc.) please contact Century Sign Builders at 800.279.2904 (M-F 8am ~ 5pm MST). Please send any name lists or other data to hello@csbsigns.com
